Storytelling can be the best way to give children new information, introduce concepts, and show how story characters face problems and resolve them. Learn how to get ready for a story with “a story frame of mind” before the story begins, hold their attention throughout the story and reinforce the storyteller’s purpose by using ways to retell stories with children.
12:30 AM **Lunch** - Provided by Apple Spice Junction, Visit Vendors, Raffles, and 50/50.
1:30 PM **Session II – “That’s H.O.T. – Higher Order Thinking Extends Learning”**
2 COK hours in Curriculum, Trainer – Crystal Ey
Amazing language development! Explosive creativity! Out of the box thinking! This is what happens when we extend beyond open and closed questions. Join us in an engaging workshop where questions are many and answers are endless. Learn to apply Bloom’s Taxonomy and watch “little minds” blossom. Connect beyond the words of the book to a place where thinking extends learning.
